10 CENTS PER WEEK

MUCH PERSONALTY HAD DENNIS REED

Could Not Tell Same Story
Twice And He Is In Jail.

Fourteen-Year-Old Lad Found Wand-
ering Streets at 3 O'Clock This
Morning.

POLICE THINK HE IS WANTED

Three pairs trousers, one pair
overalls, nine shirts, three pairs
socks, two suits underwear, one
pair shoes, one hat, eighteen
door keys, several trunk keys,
piece of tallow candle, several
cartridges, letters and receipts.

The above is what Dennis Reed, a
14-year-old negro boy, had on and
secreted on him when arrested this
morning at 3 o'clock at Second street
and Kentucky avenue by Patrolmen
Terrell and Brennan. The boy was
stopped, the patrolmen making it a
habit to stop every stranger and
learning their business at such an
hour, and the negro looked fright-
ened.

"We got the negro to the hall and
when there an attempt was made to
break and run but we prevailed his
escape." Patrolman Terrell explained.
"The negro first stated he was from
Cairo, where he repaired screen doors.
Later, after sweating, he said he had
been in Memphis and from Memphis
went to Cairo, boarding the Dick
Fowler for here after a day's stay in
Cairo. He told different stories and
seems pretty shrewd for a boy of his
years. He claimed he got the clothes
while working in a restaurant in
Memphis, but failed to state how. He
roomed there with a brakeman on
the Illinois Central and claimed the
brakeman gave him some of the
clothes."

Reed claimed to live at 922 North
Twelfth street. He could give no
reason for being out at 3 o'clock in
the morning. The police believe him
to be a thief and house-breaker want-
ed in Memphis and are investigating.

NO LIGHTS OUT

And E. M. Henry Fell Head First
Into 10-Foot Trench.

E. M. Henry, of Twelfth and
Jackson streets, a well known Illi-
nois Central pipfitter, started for a
drug store at Eleventh street and
Broadway last night and walked into
the excavation made for the sewers
on Eleventh street. He fell ten feet
and alighted in the soft mud on his
head. He was unable to climb out
and cried for help. His cries attracted
persons from the drug store, and
procuring ropes they hoisted him out.
He complained of pains in the back
but was able to walk home.

WRITING UP INSTITUTE

J. Toner Will Engage in Special Work
This Winter.

Jap Toner, a well known news-
paper writer from Sault Ste. Marie,
Mich., has been engaged by the
officers of the farmers' institute to write
a full proceeding of the meeting in
Paducah. It will require several
days to complete the work. He will
probably remain in Paducah this win-
ter, as he has started writing a his-
tory of McCracken county, and will
also get out a souvenir book contain-
ing biographical sketches of promi-
nent business and professional men of
Paducah.

Diamonds Going Up.

New York, Oct. 19.—Wholesale
dealers have sent notices to the re-
tailers that diamonds will cost 20
per cent more this season than last
year. The reasons given are that the
rough stones received from South
Africa are inferior to those of other
years and do not yield on cutting as
high-grade gems in the commercial
sizes as formerly. Again the cost of
cutting and polishing stones is great-
er because cutters and polishers are
getting higher wages than ever be-
fore.

Owes Seventy-Five Dollars.

H. B. Winters, of Marshall county,
filed a petition in voluntary bank-
ruptcy, setting forth liabilities of
\$1.75 with no assets. He is a doctor.
The creditors will meet October 31.

Mr. and Mrs. Henry G. Thompson
have returned from Tupelo, Miss.,
where they were called by the death
of Mr. Robert Thompson, a brother
of the former.

NO CUT IN FORCE.

L. C. Shop Force Reduced by Degrees
In Future.

The dreaded "cut" in the working
forces of the Paducah Illinois Cen-
tral shops will not be made this sea-
son, at least this is what local offi-
cials anticipate. Instead of cutting
off 30 per cent of the force, and in a
measure demoralizing the employees
for some time before the order is ef-
fective, the road has adopted a new
method. The force is now at its max-
imum. By not engaging men to fill
vacancies the company accomplishes
by degrees the reduction.

BELL RINGERS

BROKE UP MEETING OF BOARD
OF ALDERMEN.

Chief Collins Tried to Stop Din But
Found the Crowd Was Too Great.

Business was suspended in the
board of aldermen last night while
an effort was made to stop the din
made by the Wallerstein bells.

Chief Collins went to the window.
Three boys and double the number
of girls were frantically shaking their
arms holding some object in their
hands.

"Hey, kids, stop that racket," the
chief commanded from the upstairs
window, but it only served to in-
crease the crowd. Chief Collins went
down to investigate. By this time
the noise seemed to have spread all
over the business section of the city.

"If we had 500 policemen we could
not stop that racket," Chief Collins
reported as he returned to the coun-
cil chamber.

MODERATOR

OF ASSOCIATION IS THE REV. T.
B. ROUSE.

The Rev. Calvin Thompson, of the
First Baptist Church, Preaches
Opening Sermon.

The West Union Baptist associa-
tion is meeting with success at Bay-
ou church near Heath, Ky. There
are about 1,000 in attendance and
much interest is being taken in the
work.

The Rev. T. B. Rouse called the
meeting to order yesterday, and of-
ficers were chosen as follows: The
Rev. T. B. Rouse, moderator; J. R.
Stewart, secretary; Joe Potter, dis-
trict moderator. The Rev. Calvin
Thompson, of the First Baptist
church, preached yesterday morning
at 11 o'clock. Dinner spread on the
grounds was a feature of the meet-
ing.

GUILTY

VERDICT AGAINST STANDARD IN
OHIO CASE.

Was Charged With Maintaining a
Conspiracy in Restraint of
Trade.

Findlay, O., Oct. 19.—The Stand-
ard Oil company of Ohio was found
guilty of maintaining a conspiracy
in restraint of trade by the jury
this morning. The vote stood ten for
conviction and two for acquittal.
The last juror was finally worn out
and consented to vote for conviction
of the big trust. Attorney Troup, for
the Standard, was present when the
jury reported and announced a mo-
tion for a new trial will be entered
soon. No sentence will be passed un-
til the motion is decided. A fine of
from \$50 to \$5,000 may be imposed.

OLD ORDINANCE CONFUSES THEM

Says City License Inspector
George Lehnhard

Denies Claim of Paducah Distilleries
Company That Bond is Not
Necessary.

FOUR WARRANTS SWORN OUT

As the result of instructions given
by the city solicitor last night a war-
rant was sworn out this morning by
George Lehnhard, license inspector,
against the Paducah Distilleries com-
pany, charging it with selling liquor
by the wholesale without authority.
Three other warrants filed away will
be reinstated.

Morris J. Friedman, president of
the concern, appeared in the in-
spector's office this morning and
charged that official with persecuting
him, but Mr. Lehnhard insisted that
he is only doing his duty in the mat-
ter.

The claim is made by the company
that it is not necessary to furnish
bond to sell liquor by wholesale, and
as a wholesale dealer's license was
issued him on certificate of payment
of \$25 to the city treasurer, the con-
cern is protected.

The general council refused to issue
a license to the company in July. Mr.
Friedman later, with his attorney,
Campbell Flournoy, appeared in the
office of City Treasurer Dorian and
tendered the \$25 for the license neces-
sary before going before the council
for permit and bond. With the cer-
tificate from the treasurer they went
to City Clerk Bailey and secured a
license.

City License Inspector Lehnhard
claimed that the sale of liquor by the
company is illegal as in violation of
section 167 of the license ordinance
adopted January, 1906, which makes
it obligatory for a concern selling
liquor in quantities of not less than
one quart and not to be drunk on the
premises, to execute bond before the
general council. The ordinance con-
cludes the "applicant shall not com-
mence business until said bond is ex-
ecuted."

Mr. Friedman insisted that the or-
dinance does not require any bond
for wholesale dealers, but the in-
spector is of the opinion Mr. Fried-
man has mistaken an amendment to
section 167 of the old ordinance,
which was adopted in July, 1905.

HOUSE WARMING

WILL BE GIVEN BY ELKS ON
NIGHT OF OCTOBER 30.

Hear From Furniture Dealer and De-
cide on Earliest Date Possible
for Event.

The formal opening of the Elks'
home, on North Fifth street, will be
on the evening of October 30. This
was decided on at a meeting of the
board last night.

Several pieces of furniture have
been delayed and the members did
not wish to receive guests until the
house was completely furnished. A
telegram from the Chicago house, in-
forming the lodge that the furniture
had been shipped, made it possible to
set the date.

The committee on reception has
fixed hours for the formal opening
from 3 to 5 in the afternoon and
7:30 to 11 at night.

The dedication of the building
will be Thursday, December 6.

The committee appointed to ar-
range a program for the Elks' me-
morial service Sunday, December 2,
will meet this afternoon. The com-
mittee is composed of Mr. Rodney
Davis, chairman; Messrs. John J.
Dorian, Harry Johnston, Earl Wal-
ters and R. E. Jones.

Feed and Coal Contracts.

The finance committee this after-
noon, acting with Mayor Yeiser,
awarded the city feed contract for
three months to Bradley Bros. The
coal contract went to the West Ken-
tucky Coal company for one year at
10½ and 11½ cents per bushel
weighed on the city scales.

Mr. Elmo Nicholson, of Bandana,
is visiting in the city.

ALMOST SCORE DEAD IN BOARDING HOUSE FIRE IN BIRMINGHAM.

Birmingham, Ala., Oct. 19.—
The boarding house of Mrs.
Moody burned at 3 o'clock this
morning and almost a score of
lives were lost. When the in-
mates awoke the end of the
building was wrapped in flames
and burned so rapidly that only
a few escaped. Seven charred
bodies already have been found.
Two were in the hallway, four
on the stairway, indicating an
attempt to escape. Seven others
are known to be missing. The
debris is being searched.

TOBACCO SEASON IS ABOUT OVER

Most Successful One For The
Growers' Association.

Nearly a Half Million Dollars Has
Changed Hands in Sale Made
Through Agency.

WAREHOUSEMEN ARE PLEASED

The tobacco market for the sea-
son just closing, 1905 crop, has been
stronger than the local market has
been in several years in all grades of
tobacco. This statement was made
by Gus Veal, seller for the Dark To-
bacco Growers' association here.

He said:
"We had an unusually good sea-
son, and look for a better one for
the season, beginning with Novem-
ber, when the 1906 crop will come
in. The warehouse people had a
stronger market than in years. They
look for a stronger market next sea-
son than this just closing, and we
do too."

"In regard to prices, our success
was phenomenal, and stamps the as-
sociation as a success. It has made
money for its members that could not
have been made in independent
sales by individuals. We sold lugs at
from \$5 to \$8 and leaf at from \$6
to \$12. The minimum prices are as-
tonishing. We sold no trash lugs for
less than \$5."

The association this season has
left of the 1905 crop 70 out of a to-
tal of 3,000 hogsheds. It is estimat-
ed \$400,000 were realized in sales.

QUEER PRANK

STREET CAR SHOT BOY WALK-
ING ON SIDEWALK.

Broadway Car Struck Cartridge on
Track and Bullet Struck
Henry Presnell.

A Broadway street car, a 38 call-
ber cartridge and Henry Presnell,
14 years old, were the principals in
an exciting scene at Maiden alley,
between First and Second streets, on
Broadway this morning about 10:30
o'clock. Some mischievous boy had
placed the cartridge on the track.
The car struck it and the bullet hit
Johnnie.

The youth was walking leisurely
along on the north side of Broadway.
When he got directly in front of the
Western Turf saloon the car ap-
proached and he turned to watch
the passengers. There was a sudden
report and Johnnie felt something
hit him.

"I'm shot," the youth wailed, and
immediately became limp with fear.
He snatched at his bosom and grew
deathly pale. Men standing about
ran to him. The street car crew did
likewise, and in a few minutes the
crowd grew to several hundred peo-
ple.

Dr. Frank Boyd, the company
physician, came down on a hurry
call and examined the boy. The bul-
let struck him full in the chest, pen-
etrated the coat and shirt and made
a slight indentation on the flesh, but
did not break the skin. One tiny red
spot marked where the spent bullet
struck.

Miss Ora Boren has returned from
a visit in Chattanooga, Tenn.

UPPER AND LOWER RIVER DISAGREE

But Resolution To Improve
From Mouth Up Prevails.

Eight Hour Law Will Not Be Mo-
lested by Delegates to Ohio
Valley Convention.

NECESSITY OF AMALGAMATION

Portsmouth, O., Oct. 19.—A re-
affirmation of the recommendations
offered in past conventions was
made in the resolutions passed by
the Ohio Valley Improvement associa-
tion today. The committee meeting
previous to the session of the associa-
tion was marked by frequent clash-
es between up-river and lower dele-
gates.

The bone of contention was a
plank giving the lower river prefer-
ence in improvements which may
follow in the future. Capt. Rodgers,
of Pittsburg, led the attack on the
proposition, which was championed
by former Congressman Frank P.
Posey. Harmony finally prevailed, the
Pittsburg man, withdrawing his ob-
jections.

Another controversy arose over
the efforts of Attorney Gideon C.
Wilson, of Cincinnati, to have the
executive committee of the associa-
tion exert its influence in having the
government eight-hour law amend-
ed, and blaming the law with re-
stricting river improvements.

Congressman R. B. Dovenor, of
Wheeling, and others protested
against anything that would incur
the ill-will of the labor organiza-
tions, and the report of the com-
mittee on the subject was withdrawn
and ordered stricken from the re-
cords.

John A. Fox, of Arkansas, field
agent of the national rivers and har-
bors congress, addressed the conven-
tion on the necessity of the amalga-
mation of all improvement associa-
tions to induce congress to adopt a
broader and more liberal policy to-
ward waterways.

Ohio Valley Improvement associa-
tion re-elected John L. Vance, of
Columbus, Ohio, president; J. F.
Ellison, of Cincinnati, secretary-
treasurer, and a number of vice-pres-
idents among them: E. A. Smith,
George Parsons, Cairo; J. F. Brown-
ninski, Jopka, Ill.; J. C. Willis, of
Metropolis, Ill.

SPEAKING

CAMPAIGN WILL BE INAUGURA-
TED BY COMMITTEE.

First Republican Rally Will Be Held
at Fifth and Jefferson Monday
Night.

Both campaign committees are
getting down to business and map-
ping out their plan of campaign.
Counting out Sunday tomorrow is
the last day on which to file a list
of candidates with the county clerk,
as the list must be in fifteen days be-
fore the election.

At Republican headquarters en-
thusiasm is strong and the commit-
tee is working with a will. A speak-
ing campaign will be inaugurated
Monday night, and every other night
after that until election day there
will be speaking in one or more sec-
tions of the city. The first meeting
will be at Fifth and Jefferson streets
Monday night.

IN BANKRUPTCY.

Schedule Filed in Rehkopf Case Is
Acceptable.

The E. Rehkopf Saddlery company
has filed a corrected schedule of as-
sets and liabilities in the bankruptcy
court and it was accepted.

E. W. Bagby, referee in bank-
ruptcy, this morning made an order
in the case of W. M. Anderson, of
Marshall county, directing Cecil Reed,
trustee, to sell notes, accounts, etc.,
and also allowing Attorney John G.
Lovett a fee of \$25 for service in the
case.

Dr. J. R. Coleman has returned
from Louisville, where he attended
the Masonic grand lodge meeting.

HIDDEN GOLD FOUND

\$500 Was in a Closet of Mrs. Ann
Edwards.

Mayfield, Oct. 19.—While on her
death bed last week, Mrs. Ann Ed-
wards, living seven miles west of the
city told one of her relatives that
she hid away \$500 in gold and named
the place where to find it. Her story
was not given much credence, but
this week a search was made and the
money was found concealed in a
closet in a room where she forbade
anyone entering. She died at the age
of 75 years and the money she said
had been there for 40 years or dur-
ing the late civil war.

CLOSE CALL

OF DEATH FOR ENGINE FORE-
MAN T. J. DANAHAR.

Arm Caught and Was Sprained But
It Saved His Life Early This
Morning.

T. J. Danahar, foreman of switch
engine, No. 182, in the shop yard
night service, did not realize how
narrow was his escape from death
when he attempted to catch his en-
gine in the darkness this morning.

Danahar's engine was backing. He
stuck out his foot and caught the
step with his heel. The engine was
moving fast and Danahar was
thrown against the tank. He fell
over the draw bar, and but for his
arm catching in the space between
the bar and the tank frame, might
have fallen off. His arm was badly
wrenched. Foreman John Lehn-
hard was called out at 4 o'clock this
morning and relieved the injured
foreman of his engine.

HAVANA STRICKEN

CYCLONE KILLS HUNDREDS AND
DOES MUCH DAMAGE.

Brooklyn Hard Aground and Other
Ships Injured—Camp Colum-
bia Levelled.

Havana, Oct. 19.—As the result of
the worst cyclone in the history of
the city, upwards of one hundred per-
sons are known to be dead and hun-
dreds of others are injured. Thou-
sands of dollars damage was done.
The United States cruiser Brooklyn
was torn from her moorings in Ha-
vana harbor and is thought to be
hard aground. Others of the Ameri-
fleet are said to have been seriously
damaged and it is believed loss of
life occurred among the members of
the fleet. Camp Columbia is practi-
cally wiped out, the gale leveling the
tents. One soldier is reported fatally
hurt. Many are seriously injur-
ed.

SCANDAL

WILL BE AIRED IF MURPHY
TELLS ALL HE KNOWS.

Leader of Tammany Appears Before
Grand Jury But Will Not Be
Interviewed.

New York, Oct. 19.—Charles Mur-
phy, leader of Tammany, and politi-
cal ally of William R. Hearst, by
force of circumstances, was before
the grand jury today. It is thought
if Murphy tells all he knows one of
the greatest political scandals in
New York's muddy political history
will be aired. Murphy was in the
grand jury room about 20 minutes,
but refused to talk when he reap-
peared.

Clint Gibbs, clerk in the Illinois
Central round house, has resigned,
effective today. P. B. Finley was ap-
pointed to the vacancy.

WEATHER: — Fair tonight
and Saturday. Cooler tonight.
Highest temperature reached
yesterday was 69 and the lowest
today was 53.

MANY SPEAKERS ARRIVING TODAY

Special Farmers' Institute
Down to Business.

Commissioner Vreeland Makes Ad-
dress, Followed by Experts on
Agriculture.

COBURN SPEAKS TOMORROW

The second day of the special insti-
tute began at The Kentucky this
morning with the list of speakers aug-
mented by arrivals last night. State
Commissioner Hubert Vreeland ar-
rived last night, as did R. M. Allen,
G. I. Christie, H. S. Berry, W. L.
Goss and several members of the ex-
periment station at Lexington.

The morning session was taken up
with a talk by Commissioner Vree-
land; J. B. Fort on the subject of
"Goats;" and R. M. Allen, of the pure
food department of Kentucky. Mrs.
Lelia Lewis sang a solo accompanied
by Miss Courtie Puryear. It was
much enjoyed.

Chairman Singleton announced that
the Saturday afternoon session of the
convention would be held at the
city hall, as the Kentucky theater
will be in use. This afternoon's ses-
sion began at 1:30 o'clock with three
lecturers on the program. G. I.
Christie, of Purdue university, La
Fayette, Ind., is down for a lecture on
"Modern Methods of Seed Corn Selection;"
W. L. Goss will lecture and H.
S. Berry will lecture on "Truck Gard-
ening."

Tomorrow the principal lecture of
the institute will be given by Prof. F.
D. Coburn, secretary of the state
board of agriculture of Kansas. He
will speak at 10 o'clock with "Al-
falifa" as his subject. It is especially
desired that Prof. Coburn have a
large audience tomorrow morning.
He is a finished speaker and a culti-
vated man.

More Exhibits.

There were several additions to the
corn and tobacco exhibits today.
John McKeage, of Woodville, has an
exhibit of mixed tobacco; J. A. Coop-
er, rural route No. 4, corn; J. A.
Wade, Grahamville, corn; M. N. Stan-
ley, 223 Jefferson street, corn; D.
Burton, rural route No. 4, corn; Theo.
Hovercamp, corn and two exhibits of
alfalfa; J. H. Wyart, Ballard county,
corn; B. C. Slims, rural route No. 1,
sweet potatoes. The prizes will be
awarded tomorrow.

Commissioner Vreeland.

Commissioner Vreeland said he re-
gretted being absent for one day of
the institute. He urged the audience
to come back tomorrow and bring
others to hear Prof. Coburn who was
accustomed to addressing large audi-
ences. Mr. Vreeland said he inter-
preted the duties of his office to mean
that he was the business agent of
Kentucky farmers at Frankfort. In
that capacity he did not attempt to
instruct them himself, but arranged
for scientific men to lecture to the
farmers. He reviewed the condition
of the department and its work and
showed its importance to the state.

In a short talk of much pith and
point, J. B. Fort, a promoter of the
Dark Tobacco association, took
"Goats" as his subject. A goat, he
said, is an animal with a ban on him.
He is good for little more than to
bait. Then he drew a comparison be-
tween the goat and the man who
hangs back on propositions to im-
prove conditions, who is always on
the outside of everything till it is an
assured success, and then jumps into
the band wagon and shouts the loud-
est. He said, though a Democrat
that he endorsed President Roosevelt
in his treatment of the trust problem.
He believed that the Anglo-Saxon
blood in the veins of Kentuckians
and Tennesseans would ultimately
rule the republic.

R. M. Allen delivered an eye-open-
ing lecture on "Food Adulteration."
The subtleties of adulterators were
shown up mercilessly, and he said an
adulterated product was "a wolf in
sheep's clothing." He said 65 per
cent of the babies in the United
States are bottle-fed, and that the
mortality of these babies compared
to the breast-fed ones, is appalling,
proving conclusively that adulterated
milk is a profound menace to the ris-
ing generation.

He said the adulterated product
steals the years of hard effort neces-
sary to produce a good product, by a
short cut of imitation which not
merely is a fraud, but is injurious to
the user. Adulterated food costs less

HARD TO DO RIGHT WHEN EXPECTED

Infinitely Harder When Expected To Do Wrong.

The Rev. T. J. Newell Makes Strong Speech Before the Colored Methodists.

NEED BETTER UNDERSTANDING

Dr. T. J. Newell made a strong brotherly address to the colored conference in session at Massey's chapel, C. M. E. church this morning.

In the course of his address Dr. Newell said, "A little more than 40 years ago there was set at liberty more than four millions of your people who were in absolute ignorance. I do not suppose there was one man in a thousand among the slaves who could read and write. Now nearly every young boy and girl can read and write, while there are very many of the old men who came out of slavery in total ignorance have, without schooling, by the dim firelight after a hard day's work, learned how to read the word of God."

"To say that you have not done the best you could would be the truth. No man does the best he can. You have, however, come a long way in the last forty years. Don't let anybody become discouraged, for amid the darkness and the blackness I see the light of a better era dawning."

"The time has come when the good white men and the good black men must stand together. The best friends the colored people have in the world are here in the south. The best friends the white people in the south have are the southern negroes. The best way for this land to become the best land on God's earth is for the white man and the black man to stand together for righteousness."

"I am always for the negro for his good. I am always for the white man for his good. I am always against him for his evil. I am always for the white man for his good and against him when wrong. I can not see why the colored man's house should not be as sacred as the white man's. Let us see that it shall be. It is hard for a man to do right when he is expected to do right. It is more difficult for him to do right when everybody expects him to do wrong, and it is hard for a man to do right even when he loses by not doing right, but it is more difficult for a man to do right when he loses nothing by doing wrong. If there is no hurt to a man for the destruction of another's home it is easy for him to destroy it."

"This matter of lynching shall cease. Let us say that also the matter of impurities in all men and women shall cease."

Prof. W. Gilbert, assistant secretary of education, responded in a few words and said that with a better understanding between the races the problems could be settled in the spirit of Christianity.

The pastors' reports were concluded today, the Princeton district, Rev. M. I. Warfield, presiding elder, making the best report. Rev. G. C. Parker, of Marion, and Rev. S. R. Ballus, of Madisonville, reported all claims paid in full. In the Paducah district Rev. J. W. Lander, presiding elder, Rev. J. W. Bell, of Paducah, made the best report, all claims being paid in full.

Rev. P. S. Smith, who has been serving the church since 1870, was given superannuated relations at his own request.

Theatrical Notes

Toast of the Town.
What should prove a most delightful dramatic treat will be the appearance of Jane Kennark in Clyde Fitch's comedy, "The Toast of the Town," at The Kentucky Saturday, matinee and night. While Mr. Fitch's play is called a comedy, it is said to be a drama of very considerable dramatic power and intensity. It is a work, too, that the dramatist has given rather more time to than usual in writing. Miss Kennark has had such wonderful luck in the choosing of plays, that her great success in "The Toast of the Town" was no surprise. Her company for this season is an unusually fine one, and the production is said to be of great magnificence.

House Work

Need Not Wear Her Out

The drudgery of house work seems never ending to tired-out, dispirited women who suffer from female complaints or irregularities. Inflammation and ulceration cause fearful bearing-down pains which are aggravated by much standing on the feet, and lifting necessary in house work.

But let no woman despair of relief from this torture. That famous tonic reconstructor of diseased or disordered female organism,

Lydia E. Pinkham's Vegetable Compound

has cured more than one million American Women, and it will cure you. When troubled with painful irregularities, when backaches and headaches drive out all ambition, Lydia E. Pinkham's Vegetable Compound will bring back health, strength, and happiness.

It Gave Me New Life and Vigor

DEAR MRS. PINKHAM:—Last spring, while we were moving, I did considerable more work than my strength permitted, and, having mental trouble at the same time, my health broke down completely and I found myself unable to rest or eat. My nervous system became shattered and I was pale and emaciated and had to take to my bed. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and, although I had no faith in patent medicines, I was so miserable that I would take anything for relief. I found that it made a complete change for the better, inducing appetite and restful sleep and imparting new life and vigor to my entire system. I gained nearly fourteen pounds, my complexion looked fresh and clear, and my best friends were surprised and pleased at the change and could hardly credit the fact that Lydia E. Pinkham's Vegetable Compound had accomplished it.

NO COMPROMISE FOR UPPER BOARD

Will Not Delegate Full Authority To City Solicitor.

Telephone Controversy Rests Where It Was With Fight in Prospect.

TO PROTECT SALOON KEEPERS.

The board of aldermen last night turned down the resolution empowering City Solicitor James Campbell, Jr., and Attorney Hal S. Corbett to compromise the telephone litigation; voted an amendment to the liquor ordinance for the better protection of saloonkeepers; ordered several improvements; turned down bids for city coal and city stock feed and acted on many minor matters.

Aldermen Chamblin and Palmer were absent.

The minutes of the last regular, adjourned and called meetings were adopted.

A bill from the county clerk for \$180 for rental of property for registration purposes was referred to the mayor with power to act.

The Caldwell Street Bill.

A letter from the Paducah Box and Basket company, urging an investigation of records, which are alleged to read that the city contracted to gravel the Caldwell street extension to the factory, for the dedication of street property. The letter urged that the extension be graveled or the property returned to the owners. Mayor Yeiser suggested to refer to the board of public works with instruction to take the records and carry out the city's agreement. The motion was made by Alderman Bell and carried. Alderman Farley was opposed to it because only one firm was benefited.

Mayor Yeiser reported that he had served notice on County Clerk Hiram Smedley to provide a place on the ballots for a vote on the \$100,000 bond issue. The clerk was ordered to certify the passage of the ordinance. Mayor Yeiser also reported that he served notice for a place on the ballots for a vote on the fire plug water rental.

Mayor Yeiser stated that a contract with property owners on Jefferson street between Twentieth and Twenty-first streets relative to the street improvement costs had been broken and that the city was made liable for the amount of street unpaid for by property owners. The matter was referred to the clerk and auditor to investigate and report to the finance committee.

James Glauber, the liveryman, was appointed to succeed R. G. Caldwell, deceased, as a member of the board of city tax book supervisors. The appointment was ratified.

Mayor Yeiser stated that I. D. Wilcox and other property owners protested against paying for storm water sewers, and threatened to go into court. Mayor Yeiser's suggestion to refer for investigation was adopted.

Coal and Feed Bids Rejected.
Mayor Yeiser presented a bid for coal for the season. There were two bidders before, but one was defective and both rejected. The bid presented last night was for 10 and 11 cents per bushel weighed over the company's scales from the Central Coal and Iron company. On motion the matter of making a coal contract was referred to the finance committee and the mayor with power to act.

Mayor Yeiser presented bids for horse feed for city stock from H. P. Hawkins & Son and Bradley Bros. The matter was referred to the mayor and finance committee with power to act.

City Engineer L. A. Washington was instructed to estimate the cost

per square foot for sanitary and storm water sewers in district No. 2, to the property owners.

The Paducah Traction company was ordered to remove ties from Trimble street between Tenth and Twelfth streets.

The board of public works was instructed to let the Paducah Traction company use the street roller in repaving streets the company has torn up in laying track. The company is not to be charged for the use of it.

The finance committee's report of bills and salaries was filed.

Ordinances Acted On.

Ordinance prohibiting the licensing and operation of "bucket shops" in Paducah. Second reading.

Ordinance for grading Boyd street, from Sixth to Seventh streets. First passage.

Ordinance for sidewalks on Fourth street from Tennessee street to Norton street. First passage.

The Telephone Litigation.

Resolution to give City Solicitor James Campbell, Jr., and Attorney Hal S. Corbett power to make a compromise with attorneys for the East Tennessee Telephone company in the litigation in which the telephone company and city are engaged. The council gave it second passage.

City Solicitor James Campbell, Jr., made a brief explanation, saying that it might save the city thousands of dollars. Also that he would make a satisfactory compromise or would proceed with the prosecution of the company. He suggested the resolution because the telephone company's attorneys had been empowered to make a compromise in the case.

Alderman Farley was not in favor of the resolution, thinking that the attorneys should be required to report back to the general council.

Alderman Hank thought it "mighty late in the day" for a compromise to be attempted. He favored "fighting to the bitter end."

Alderman Miller stated that Mr. Granberry, with power to act for the telephone company, was present when the trouble first came up, but that nothing was accomplished, also that ten fruitless days were spent with Attorney C. K. Wheeler for the company, in trying to settle in some way fair to the city. He stated that he thought it was too late after Attorney Hal S. Corbett had been employed at \$500 to assist the solicitor in prosecuting the case. He would "rather lose an honorable fight than make a compromise at this late day."

The city solicitor stated that it was no pleasure for him to assume the burden of a compromise, but he desired to avoid a long drawn out and expensive litigation.

Alderman Bell spoke in the same vein as did Aldermen Hank and Miller. He wanted to fight it through.

President Starks was in favor of referring it to the solicitor to report back, but not to delegate power of a compromise to the two attorneys.

Aldermen Miller and Bell were in favor of this idea.

The original resolution was lost by a full vote.

Alderman Farley urged that lumber be bought to build hose driers for the fire stations, the firemen to do the carpenter work. The fire committee was ordered to buy the lumber.

Licenses Acted On.

Paducah Distilleries company, 108 South Third street, gallon and quart license, was lost. The deposit money was ordered returned to the applicant.

Several deeds to lots in Oak Grove cemetery were ratified.

A report from the city engineer on the cost of sanitary and storm water sewers in district No. 2, per foot front, was received. There are 58,953 feet in district No. 2, making a total of \$87,550.24, or about \$1.48 1/2 per front foot to property owners. It had been reported that the cost to property owners would be \$5 or more per foot. The report was received and filed.

The engineer stated that this is subject to variations, and may be less than his estimate, as he figured by the front foot and the new act requires figuring by the superficial square foot, which will doubtless make the cost less.

Alderman Miller offered an amendment to the ordinance regulating minors entering saloons reading, "that any minor who shall procure liquor by false statements or otherwise, shall be subject to a fine of from \$25 to \$50." He stated that he offered this as a protection to saloon men who wish to obey the law.

Alderman Farley proposed to amend to make it a violation for adults to secure liquor by misrepresentation. He stated that druggists on Sunday are besieged by persons who swear they want liquor and alcohol for medicinal purposes.

Alderman Bell stated that druggists were supposed to sell by prescription only, and saw no reason for Farley's amendment.

Alderman Miller's motion carried. An alley between Sixth and Seventh streets, Broadway and Kentucky avenue, is in bad condition. On motion it was ordered that an ordinance be drafted for the reconstruction of the alley at the property owners' expense.

Alderman Miller stated that the

sewer excavations on South Eleventh street is furnishing a surplus of dirt, and suggested it be used in starting a fill off Eleventh street. No action was taken.

The ordinance committee was instructed to draft an ordinance for sidewalks on Fountain avenue from Broadway to Jefferson street on both sides of the street.

Alderman Bell's motion for Engineer Washington to furnish the number of square feet in sewer district No. 2, carried.

Licenses Inspector George Lehnhard stated that the officers of the Paducah Distilleries company applied to him, citing charter provisions, and saying they do not have to secure permission from the council for a wholesale liquor license, which was issued. The company paid \$25 for the license from the clerk after paying the money to the treasurer and bringing in a receipt. The license inspector asked instructions.

City Solicitor James Campbell, Jr., construed the charter to mean that the firm should be required to secure a license grant from the council and also to give a bond. He suggested that a warrant be sworn out and the case tried in police court.

On motion the board adjourned.

Claim Notice.

McCracken Circuit Court, C. A. Isbell, plaintiff, vs. petition in equity, F. G. Rudolph, administrator of Addie Howell, deceased, etc., defendant's.

Ordered that this action be referred to Cecil Reed, master commissioner of McCracken Circuit court to take proof of assets and liabilities of the estate of Addie Howell, deceased, and all persons having claims against said estate are required to properly verify and file the same, before said commissioner, on or before the 8th day of December, 1906, or they will be forever barred from asserting any claim against the assets in the hands of F. THE CITY JUDGE.

It is not surprising that those who
expect to have most personal deal-
ings with the police court are most
seriously interested in the selection
of a judge to preside over its delib-
erations, and therefore the activity
of a certain element, which defeated
Judge Puryear for the nomination,
can easily be understood. It is on
the promises of a class that desires
to see the laws enforced in such a
manner that the police will be back-
ed up in every effort they make
against vice Judge Bagby relied
when he agreed to accept the nomi-
nation, and this reliance is sup-
ported by the attitude of many ster-
ling Democrats who stayed home
from the Democratic primary in or-
der that they might not feel in hon-
or bound to support the nominee of
that primary. The common excuse
of the police department when criti-
cized for not enforcing the law is,
"We make arrests, but the defend-
ants are discharged on examination."
Few people realize how much the
support of the police magistrate
means to the police department, and
how lax enforcement of penalties for
violations of the law will encourage
criminals and discourage policemen.
There is no law abiding men in Pa-
ducah, regardless of his business,
who has cause to fear the election of
Judge Bagby. He does not go be-
fore the people sworn to any re-
form measure. He says he will do
his duty. He claims to be pledged to
nobody and to be under obligation
to no man on earth for his nomina-
tion. He was nominated by Repub-
licans but his selection was dictated
to an extent by Democrats, and, in
fact, he was first mentioned by them
as a suitable man to represent what
we are satisfied, is a majority—and

a large majority, at that—of the
people of Paducah.

Mayfield is torn with the strife
between the Monitor and the Mes-
senger. The Monitor alleges that the
brass band accompanied Senator Mc-
Creary from the hotel to the court
house; while the Messenger is equal-
ly positive that Senator McCreary
had spoken some little time in the
court yard before the band boys got
there. Thus, with the two local po-
litical organs taking opposite views
of the facts in this momentous issue,
the Graves county Democrats may
again be compelled to walk to the
polls next November, blinded by
the darkness of ignorance and un-
able to answer by their votes the ques-
tion, whether Senator McCreary and
the brass band went to the court
house together or whether the sena-
tor got there first. Both Senator Mc-
Creary and the Mayfield brass band
have been in Paducah, but not at the
same time. We know nothing of the
merits of the controversy, but we can
not see why Senator McCreary and
the Mayfield brass band should not
march together.

The new born Southwestern Ken-
tucky and Southern Illinois Immi-
gration association is starting out on
its life mission with well directed ef-
forts, that promise rapid growth
and full development. Along with
the actual work of inducing immi-
gration comes that of increasing the
membership, and while pamphlets,
setting forth the advantages of this
section, are being sent into the
northwest and the northern coun-
tries of Europe, messages are on
their way to the citizens of Ken-
tucky and Illinois, and the president
and secretary soon will visit all the
counties in the association, looking
after the details of local organiza-
tion. Secretary Coons has prepared
a pamphlet on the subject of immi-
gration, which he is distributing
where it will do the most good.

All Paducahans should attend the
institute at the city hall tomorrow
morning when F. D. Coburn, com-
missioner of agriculture for the
state of Kansas, delivers his ad-
dress on alfalfa. Commissioner Co-
burn is one of the big men of the
great west, accustomed to address-
ing large audiences and his speech,
although the subject sounds dry,
will be a treat. He is one among a
thousand, a man so wrapped in his
work that he has declined the high-
est honor in the gift of his native
state. When Senator Burton was ex-
pelled from the United States sena-
te, in obedience to a popular de-
mand Governor Hoch preferred Com-
missioner Coburn the toga, but he
put it aside without a moment's hesi-
tation, because his task was not fin-
ished. He speaks at 10 o'clock.

Indictments have followed the ex-
posures of alleged brutality in the
eastern insane asylum at Lexington
and attendants are charged with the
murder of a patient. Had it not been
for a division of sentiment among
the employees of the asylum and other
eastern Kentucky people on ac-
count of the factional strife in the
party, these charges might never
have come to light. So, it is seen,
that a politician should so conduct
himself that his record will come
clean even when impeached by his
own associates. It is not his consti-
tuents the politician has to fear but
the other politicians.

That is a smart man, who said
that the Republican campaign com-
mittee and candidates must "know
they are up against it," because they
meet every night and make plans. If
they expected to get beat they
wouldn't be able to get a quorum to
waste time in conferences. When
you see a committee and the candi-
dates working as some people say
they are, you can bet they are leav-
ened with hope.

to produce, yet it sells for more than
pure food. The name "butter"
stands for a quality which we are
willing to pay for but for adulterators
to put out an imitation and call it
butter is an absolute dishonesty. It
goes under an assumed name.

Then he showed how an inferior
product, selling a little cheaper than
the pure goods, will drive out compe-
tition. He does not object to manu-
facturers adulterating food or put-
ting out imitations, but he insists that
such adulterations and imitations
should be labeled honestly. The pub-
lic, he said, has proven that it will
not buy inferior goods if it knows
them. He had numerous samples of
adulterated food bought in stores in
Kentucky and told how their manu-
facturers had been compelled to com-
ply with the state law. Honest
manufacturers are aiding the state
department. He closed by saying
that unprincipled manufacturers turn
out different qualities of food for the
different laws of each state.

Thursday Afternoon.
With three excellent lectures, the
Farmers' institute had a most in-
teresting session Thursday after-
noon. W. H. Scherffus, of the nation-
al department of agriculture, lectured
twice, his first subject being,
"Experiments With Dark Tobacco."
The Hon. Charles K. Wheeler spoke
on "Betterment and Improvement of
Farmers' Homes." The closing lec-
ture was by Mr. Scherffus and was
on the subject of "Soil Fertility."

At the morning session a pleasing
and unconventional feature was a
violin solo by Mrs. Will Clark, ac-
companied by Mrs. S. H. Winstead.
At the afternoon session Mr. Robert
H. Scott sang "The Old Folks at
Home" and was accompanied by
Mrs. Winstead. Music features will
be given in all the sessions.

It was easily apparent yesterday
that many McCracken county farm-
ers lost more by their absence from
the convention than they could have
gained by digging gold for the same
period. It is certain that those who
did hear the lectures will go back
to their farms with broader, higher
and stronger conceptions of the pos-
sibilities in their walks of life. And
the remarkable thing about the con-
vention is, that the excellence will be
sustained throughout the convention
and the only cost to hear the lec-
tures, is the energy to go to the Ken-
tucky.

Prof. W. H. Scherffus has a pleas-
ing manner of imparting his infor-
mation and in two lectures he man-
aged to impart a good deal. After
the lectures, the auditors "quizzed"
him and he explained many points in
detail. The session was made inter-
esting by the farmers supplementing
his remarks by their own experience.
He urged them to question the other

How the Blood Flow Affects Health.
Few people appreciate the neces-
sity of keeping the blood in every way
in good condition if they would have
good health.

There are two factors in disease,
which, by an endless variety of changes
and combinations define every
departure from normal conditions.

These are the BLOOD and the
NERVES. They sustain life, and
END IT.

The blood must maintain a steady,
swift and equal flow or bad conse-
quences follow. Every organ and tis-
sue must get its right share of blood,
no more, no less. Stop it and the sys-
tem is soon poisoned with accumu-
lated body sewage, and lack of prop-
er nourishment sets up, headaches,
tired, worn out sensations, no life,
so energy and other kindred ail-
ments follow.

Right the blood flow, and they all
leave.

This is the Osteopathic theory. It
merely goes back to the beginning
of disease. It finds most disease is
associated with an abnormal blood
flow.

Especially during the fall and win-
ter months it is necessary to keep the
blood flow right. Exercise of the
right sort is a good stimulant for
circulation, but the dry hot air treat-
ment, followed by the Osteopathic
treatments, which I am giving with
such marked good results, is the best
treatment yet discovered.

Why? Simply because they go to
the basis.

Come to see me at any time and I
can easily satisfy you that I can soon
build up the run-down system, while
you are attending to your usual du-
ties. I shall, too, be pleased to refer
you to people you know well who are
enthusiastic in their praises of the
treatments.

My office hours are from 8 to 12
a. m. and 2 to 4 p. m.

How To Tell Mushrooms From The Deadly Toadstools Is Explained

Louisville, Oct. 19.—In view of
the numerous fatalities resulting
from persons mistaking toadstools
for wholesome mushrooms, Dr. Ver-
non Robins, city chemist, yesterday
outlined a number of tests that will
enable the inexperienced to detect
the difference between the whole-
some and poisonous kind. He de-
scribes those likely to be poisonous
as follows:

First—Those in the button or un-
expanded state; also those in which
the flesh has begun to decay, even
but slightly.

Second—Those having a stalk
with a swollen base, surrounded by
a sacklike envelope, especially if the

speakers on any subject they thought
of.

In his lecture on "Experiments
With Dark Tobacco," he urged as
the first consideration, the careful
selection of seed. He said that the
heavier seeds developed into much
larger and therefore more profitable
plants. There are two ways to sepa-
rate the smaller from the larger
seeds. He had with him a machine,
simple in theory and construction,
which did this by air pressure. The
lighter seed went to the top. The
other way to get the best seed is to
save the seed from the best plants.
If heavy seeds are used uniformly,
all the plants would be large. Hence
the quantity of pounds would be in-
creased.

The problem of the country boys
migrating to the cities, he said,
could be solved, at least partly, by
placing farming on a plane of sci-
entific operation, which would give
the boy a chance to develop mentally,
one of the things he seeks in the
cities. It simply would give him a
broader enjoyment of life on the
farm.

Kentucky long has had the quanti-
ty of tobacco, but it should also have
the quality. He said this could be
rotten, by attention to in-breeding
and cross-breeding of the plants. He
explained most entertainingly the
process by which tobacco plants de-
generated or improved by cross-
breeding. The same general prin-
ciples that improved cattle applied to
tobacco—we must not let inferior
plants cross-breed with the good
ones.

That Kentucky tobacco can be
raised to the standard of cigar to-
bacco is his opinion and cigar to-
bacco would bring much larger re-
turns. He said any farmer could get
his seed separated free at the state
department of agriculture.

Better Farm Homes.

Hon. Charles K. Wheeler made an
appeal for better homes on the
farms. He traced the development
of man in the different stages of civi-
lization and showed how that a
high appreciation of the home was
the highest advance in civilization.
As for the lack of numbers at the
opening of the convention, he said
he \$30,000,000 yearly orange crop
of California started from one tree.
It was the tree which first grew
seedless oranges and is still living
at Washington, D. C.

"Stove-wood farmers" are not the
kind we need. It would be better to
spend the surplus earnings of the
farm in improvements of the home
and in increasing its attractiveness,
than to leave it in banks. The end of
life, he thought, is a desire to af-
ford our children a better opportu-
nity than we ourselves have had.

In his lecture on "Soil Fertility,"
Prof. Scherffus explained that no
fertilizer could take the place of cer-
tain natural ones, weeds, certain
grasses, and manure. Still, where
our soils are deficient in certain che-

gills are white.

Third—Those having a milky
juice, unless the milk is reddish.

Fourth—Those in which the cap
or pilius is thin in proportion to the
gills, and in which the gills are near-
ly all of equal length, especially if
the pilius is bright colored.

Fifth—All tube-bearing fungi in
which the flesh changes color when
cut or broken, or when the mouths
of the tube are reddish.

Sixth—Generally those which have
a sort of spider web or fluctuant ring
around the upper part of the stalk.

All the foregoing features indicate
that the toadstools are to be avoided
as poisonous or doubtful.

mical ingredients, they advantage-
ously can be helped out with fertiliz-
ers. One point of interest he
brought out was the advantage af-
ter a hard rain in going over the
ground with a harrow, which would
prevent the ground forming in such
a way that the water soon would
evaporate. Left to itself, the parti-
cles of earth have a tendency to form
tubes, which when the sun comes
out, make it easy for the water to
evaporate. The farmers can prevent
fraud in fertilizers by having them
tested at Frankfort free.

Prof. M. A. Scovell in a telegram
said that owing to a government in-
spection of the experiment station
at Lexington Friday, he would not
be able to attend the convention.
"Soil Fertility" was to have been his
subject.

All the sessions tomorrow will be
held in the council chamber at the
city hall, as the Kentucky theater has
been engaged for the day.

mist. "Not for anything."— Wash-

HORRIBLE CRIMES OF INSANE RULER

Cannibalism Least of Horrors In Annam.

King Thanh-Thai Has Wives Boiled Alive in Crude Oil and Served at Royal Table.

WOMEN EATEN BY WILD BEAST

Marseilles, France, Oct. 19.—The mail advices which reached here today from Indo-China brought another and more revolting story of the doings of King Thanh-Thai of Annam, showing that he went to the extent of cannibalism. After killing one of his wives he caused the body to be cooked and served up for dinner, forcing his entourage to eat under pain of death. Some of the king's wives were bound and burned with burning oil and subjected to other cruelty, while naked women were thrown into the cages of wild beasts, where they were devoured before the eyes of the king. Finally the French authorities stepped in and made a prisoner of Thanh-Thai, who has been adjudged insane by Dr. Humas, of the French colonial staff.

"The Royal Guard" has been disbanded, the palace has been placed under the protection of 150 native soldiers, and the terror-stricken inmates of the palace have been rescued from further suffering. The majority of the latter were women who bore the marks of revolting tortures. Some of them were terribly mutilated, their faces being slashed and tongues cut out, while others had been suspended by pincers attached to the fleshy parts of their

It Looks Queer.

The friends of George Washington are doing what they can to contradict the reckless rumor that George founded Pittsburg. It is admitted he stayed over night in the neighborhood at an early date in his career, but it would be just as unreasonable to call him Pittsburg's founder as it would to claim that Jonah discovered the whale because he was its first tenant. Of course it may not be true that the Philadelphia clergyman who said George never won any battles is the author of the Pittsburg charge, but it looks decidedly queer.

Did you ever hear of a man falling in love with a woman's intellect?

HART'S NEW HEATERS

Have just reached here. They possess many points of merit not shown in all stoves. New ideas of forcing the draft to the exact point needed to bring quick and continuous results, producing the greatest amount of heat from a given quantity of fuel.

HART'S HEATERS

Not only have heat vents in abundance but are radiators, circulators and deflectors of heat. They are also under complete control of the dampers, which saves fuel and gives the heat only when needed.

With Edged Tools

One Generation to Another," Etc.

"That's about my size, too," said Guy Oscar, somewhat indistinctly, owing to the fact that he habitually smoked a thick stemmed pipe.

"Is it? I'm glad of that. It gives us something in common to work for."

"Yes," Guy paused and made a huge effort, finally conquering that taciturnity which was almost an affliction to him. "The reason I gave the other night to you and that chap Durnovo was honest enough, but I have another. I want to live for a few months, but I also want to make money. I'm as good as engaged to be married and I find that I am not so well off as I thought I was. People told me that I should have three thousand a year when the gov'nor died, but I find that people know less of my affairs than I thought."

"They invariably do," put in Jack encouragingly.

"It is barely two thousand, and—and she has been brought up to something better than that."

"Um! They mostly are. Mine has been brought up to something better than that too. That is the worst of it."

"I believe implicitly in this scheme," said Oscar. "It is a certain fact that the men who can supply pure simlacine have only to name their price for it. They will make a fortune, and I believe that Durnovo knows where it is growing in quantities."

"I cannot see how it would pay him to deceive us in the matter. That is the best way of looking at it," murmured Jack reflectively. "When I first met him the man thought he was dying, and for the time I really believe that he was honest. Some men are honest when they feel unwell. There was so little doubt in my mind that I went into the thing at once."

"If you will go on with it I will stand by you," said Oscar shortly.

"All right. I think we two together are as good as any half-bred sharper on this coast, to put it gracefully."

During the ensuing silence Jack was apparently meditating over the debt of confidence which he still owed to his companion, for he spoke first and quite seriously about himself, which was somewhat against his habit.

"I dare say you have heard," he said, "that I had a disagreement with my father."

"Yes, heard something of it," replied Oscar in a tone which seemed to imply that the "something" was quite sufficient for his requirements.

"It was about my engagement," Jack

"In six months your go-downs will be full of it."

went on deliberately. "I do not know how it was, but they did not hit it off together. She was too honest to throw herself at his head, I suppose, for I imagine a pretty girl can usually do what she likes with an old man if she takes the trouble."

"Not with him, I think. Seemed to be rather down on girls in general," said Oscar coolly.

"Then you know him?"

"Yes, a little. I have met him once or twice—out, you know. I don't suppose he would know me again if he saw me."

Which last remark does not redound to the credit of Guy's power of observation.

They paused. It is wonderful how near we may stand to the brink and look far away beyond the chasm. Years afterward they remembered this conversation, and it is possible that Jack Meredith wondered then what instinct it was that made him change the direction of their thoughts.

"If it is agreeable to you," he said, "I think it would be wise for me to go down to Lougo and gently intimate to Durnovo that we should be glad of his services."

"Certainly."

By 7 o'clock the next morning the canoe was ready, with its warty rowers in their places. The two Englishmen breakfasted together and then walked down to the landing stage side by side.

"Take care of yourself," said Oscar gruffly as Jack stepped into the canoe.

"All right."

"And bring back Durnovo with you," Jack Meredith looked up with a vague smile.

"That man," he said lightly, "is going to the plateau if I have to drag him there by the scruff of the neck."

CHAPTER XII.

IT is possible even in Lougo to have a fling, but the carouser must be prepared to face, even in the midst of his revelry, the haunting thought that the exercise of the strictest economy in any other part of the world might be a preferable pastime.

During the three days following his arrival Victor Durnovo indulged, according to his lights, in the doubtful pleasure mentioned. He purchased at the best factory the best clothes obtainable; he lived like a fighting cock in the one so called hotel, a house chiefly affected and supported by ship captains. He spent freely of money that was not his and imagined himself to be leading the life of a gentleman. He rode round on a hired horse to call on his friends, and on the afternoon of the sixth day he alighted from this quadruped at the gate of the Gordons' bungalow.

A few minutes later Jocelyn came into the drawing room, where he was waiting, with a brazen face and a sinking heart. Somehow the very room had power to bring him down toward his own level. When he set eyes on Jocelyn, in her fair Saxon beauty, he regained aplomb.

She appeared to be rather glad to see him.

"I thought," she said, "that you had gone back to the expedition?"

"Not without coming to say good-by," he answered. "It is not likely."

Just to demonstrate how fully he felt at ease he took a chair without waiting for an invitation and sat tapping his boot with his whip, looking her furtively up and down all the while with an appraising eye.

"And when do you go?" she asked, with a subtle change in her tone which did not penetrate through his mental epidemics.

"I suppose in a few days now. But I'll let you know all right, never fear."

Victor Durnovo stretched out his legs and made himself quite at home, but Jocelyn did not sit down. On the contrary, she remained standing persistently and significantly.

"Maurice gone away?" he inquired.

"Yes."

"And left you all alone," in a tone of light badinage.

"I am accustomed to being left," she answered gravely.

"I don't quite like it, you know."

"You?"

She looked at him with a steady surprise which made him feel a trifle uncomfortable.

"Well, you know," he was forced to explain, shuffling the while uneasily in his chair and dropping his whip, "one naturally takes an interest in one's friends' welfare. You and Maurice are the best friends I have in Lougo."

"Maurice has always spoken of you with gratitude," she said.

"To deaf ears, eh? Yes, he has reason to be grateful, though perhaps I ought not to say it. I have put him into several very good things on the coast, and it is in my power to get him into this new scheme. It is a big thing; he would be a rich man in no time."

He rose from his seat and deliberately crossed the room to the sofa where she had sat down, where he reclined, with one arm stretched out along the back of it toward her. In his other hand he held his riding whip, with which he began to stroke the skirt of her dress, which reached along the floor almost to his feet.

"Would you like him to be in it?" he asked, with a meaning glance beneath his lashes. "It is a pity to throw away a good chance; his position is not so very secure, you know."

She gave a strange little hunted glance round the room. She was wedged into a corner and could not rise without incurring the risk of his saying something she did not wish to hear. Then she leaned forward and deliberately withdrew her dress from the touch of his whip, which was, in its way, a subtle caress.

"Is he throwing away the chance?" she asked.

"No, but you are."

Then she rose from her seat, and standing in the middle of the room, faced him with a sudden gleam in her eyes.

"I do not see what it has to do with me," she said; "I do not know anything about Maurice's business arrangements and very little about his business friends."

"Then let me tell you, Jocelyn—well, then, Miss Gordon, if you prefer it—that you will know more about one of his business friends before you have finished with him. I've got Maurice more or less in my power now and it rests with you."

At this moment a shadow darkened the floor of the veranda and an instant later Jack Meredith walked quietly in by the window.

"Enter, young man," he said dramatically, "by window—center."

"I am sorry," he went on in a different tone to Jocelyn, "to come in this unceremonious way, but the servant told me that you were on the veranda (To be continued.)"

VICE PRESIDENTS OF THE COUNTIES

Meet And Lay Plans For Immigrative Work.

Well Attended At First Session In Commercial Club Rooms Yesterday Morn.

WILL VISIT COUNTY BOARDS

Plans for buying up the Southwestern Kentucky and Southern Illinois Immigrant association were considered at the meeting of the county vice-presidents in the Commercial club rooms yesterday afternoon, and the campaign for membership will be instituted at once.

Each county vice-president took away with him a book of membership blanks and said he would proceed at once to get it full. In addition, President Hughes and Secretary Coons will visit each county in the association, meet with the county board and look after the details of local organization.

Pamphlets in English and German will be sent into the northwest and to Europe to attract immigration.

There was a good attendance. Besides President D. H. Hughes and Secretary D. W. Coons, U. S. Shacklett, mayor of Fulton and vice-president of Fulton county; G. N. McGrew, of Livingston county; John L. Smith, of Kuttawa, Lyon county; W. H. Viets, of La Center, Ballard county; W. L. Bower, of McCracken county; Thomas Emerson, of Hickman county, and M. J. Howley, of Cairo, Ill., were present in person. The proxies of several other vice-presidents were held by delegates to the farmers' institute, who attended the meeting.

A large number of farmers called at the Commercial club headquarters during the day to inquire into the plans of the association, and interest among the delegates to the institute was gratifying.

Vice-presidents Viets, of Ballard county, has named the following county board: Mayor H. Burbling, of Wickliffe; John Cooke, of Wickliffe, and S. P. Payne, of La Center.

W. L. Bower, of McCracken county, has named his board as follows: W. F. Bradshaw, Sr., Robert Noble, Charles Lamond and Will Pepper.

Another meeting will be held in 30 days when the full boards will be named.

The only explanation of this summer's good stages in the rivers is that the river knows it will be made to tow the mark of the 9-foot stage and so to avoid artificial treatment, nature has voluntarily kept the river up. It looks now like there won't be any low water this year. The gauge registered a stage of 10.6, a fall of 0.4 in 24 hours. Rainfall was .01. Business at the wharf was rushing.

It looked good to see the Georgia Lee dock at the wharfbottom today after an absence of several months. After attending to the freight business the Georgia Lee left for Cincinnati.

"Oh. De black cat spit in the yellow cat's eye."

This sang one rouser from the Saltillo this morning and the rouser following him took up the strain.

"Oh. De yellow cat stop and let de black cat by."

How many more verses there were to this plaintive song could not be told for the two moved on out of hearing. Joel Chandler Harris has immortalized the negro folk-lore and songs on the plantation. But if negro roustabout life on the rivers is allowed to die out without a chronicler one of the most picturesque as well as one of the most interesting studies of the negro character will be lost to the future.

That there is a strong strain of music in the negro character is evident to any observer; for in any crowd of them you will see dancing, singing or other rhythmic movements. The two lines given doubtless were

Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

"In dyspepsia it serves an excellent purpose. It is one of the best manufactured products of the present time in its action upon feeble, disordered stomachs; especially if there is ulceration or catarrhal gastritis. It is a most efficient preparation. Glycerine will relieve many cases of pyrosis, heartburn and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the violent variety, and in cases of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherry bark, Queen's root, Blood root and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. R. Bartholow, M. D., of Jefferson Medical College, Chicago; Prof. Robert A. Hare, M. D., of Medical University of Pennsylvania; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. J. M. Mahomed, M. D., of the University of Chicago; Prof. John M. Scudder, M. D., and Prof. John King, M. D., Authors of the "American Dispensary of Drugs and Chemicals among the leading medical men of our land."

Who can doubt the curative virtues of a medicine the ingredients of which have such a professional endorsement?

Constipation cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

improvised to suit the occasion, which was this: The Saltillo had several hundred kegs to unload and they were in two sizes. One size was stacked in one part of the wharfbottom and the other size in another part. When there is a division of that kind in unloading freight the clerk gives a simple name to each variety, and when a rouser passes him by calling that name the rouser knows where to go. One size of keg was named "Black Cat" and the other size was named "Yellow Cat." So with that prosaic and simple start the rousers, characteristically, began to sing and they made up the sense and rhyme as they went. The mate said the simpler the names given the better the rousers remembered, and the more certain was singing to start.

The Dunbar did not arrive from Evansville till 2 o'clock last night and left at 4 o'clock on the return trip. The Henry Harley is today's packet.

The Dick Fowler had such a heavy load of corn last night it did not arrive here till 1:30 o'clock.

Sauer Kraut. The Saltillo brought 650 kegs to the city from St. Louis this morning and went on up the Tennessee after unloading.

The Pavonia took a load of ties down the river today. The Russell Lord is expected from the Tennessee river and will go to St. Louis if the water is right.

The Wilford arrived from the Cumberland river this morning and went on down to Cairo with the tow of ties.

WATER CONTRACT TO BE VOTED ON AT THE NOVEMBER ELECTION

REPORT OF JOINT LIGHT AND WATER COMMITTEE ON NEW CONTRACT BETWEEN THE CITY OF PADUCAH AND THE PADUCAH WATER COMPANY.

Owing to the fact that the contract existing between the city of Paducah and the local water company for fire hydrants expires during the current month it was incumbent upon the general council to negotiate for such service covering the remaining period which the franchise of the water company still has to run, to-wit: the eighteen years.

After several conferences between the joint light and water committee and the officers of the water company a scale of rates for fire hydrants was agreed upon by the committee and the water company. These rates have been embodied in a contract which will be submitted to the general council for such action as the wisdom of that body may determine. If the proposed contract is favorably acted upon by the general council, it must be submitted to the voters of the city at the next election and affirmatively ratified by not less than two-thirds of the vote then cast upon the question before a contract between the city and the water company can be finally executed.

It is therefore worth while for the voters of the city to carefully consider the terms of the proposed contract before casting their votes at the coming election, and if it appears that the proposed contract is to the advantage of the city, then to register their approval thereof upon their ballots.

In order that the voters may have an opportunity to become fully advised regarding the terms of the proposed contract a copy of the same is herewith submitted which reads as follows:

"Section 1. That the City of Paducah, Ky., agrees to rent and does hereby rent from Paducah Water Company, its successors and assigns, four hundred and eleven (411) double nozzle fire hydrants now established in said city for a period of eighteen (18) years from the passage and final approval of this ordinance, after an election by the people as hereinafter provided. The annual rental for each of said fire hydrants, which the city of Paducah hereby agrees to pay for the first ten (10) years of said term, shall be twenty (\$20.00) dollars and the annual rental for the remaining eight (8) years shall be fifteen (\$15.00) dollars, unless the said city shall sooner purchase water company's plant, with six (6) per cent interest upon deferred payments. The payments of said rentals shall be made as provided in the original ordinance contract."

"Section 2. All additional hydrants on extensions of mains that may be erected hereafter by the Paducah Water company, its successors or assigns, as provided in the original ordinance contract during the said eighteen years, shall be charged and paid for as provided in section one hereof; but at the expiration of ten (10) years from the time this ordinance shall have been finally approved as set out above, all the then fire hydrants shall be charged and paid for at the uniform rate as above provided and the contract therefor shall expire at the end of the eighteen years fixed in section one.

"Section 3. Before this ordinance shall become effective it shall be submitted to a vote of the qualified voters of the city of Paducah, Ky., at the general election to be held in said city on the 6th day of November, 1906, the said vote to be taken in the manner and as provided by law for the submission of public questions to the voters of said city.

"Section 4. This ordinance shall take effect and be in force from its passage approval and ratification by the qualified voters of the city of Paducah, Ky., and a written acceptance of its terms and conditions by the Paducah Water company filed with the clerk of the city of Paducah, Ky., within ten (10) days after the official certificate of its approval at the popular election."

At the present time the water company has installed for the use of the city 411 fire plugs, which under the old contract are rated and cost each year as follows:

150 fire plugs at \$40.00...\$6,000.00
30 fire plugs at \$30.00... 900.00
231 fire plugs at \$25.00... 5,775.00

Total.....\$12,675.00

Under the proposed contract this same service would cost the city but \$8,220.00 for each of the first ten years of the contract a saving upon the number of hydrants now installed of \$4,455.00 per annum and for the ten year period a saving of \$44,550.00.

For each of the last eight years which the franchise has to run, the cost for 411 hydrants would be \$6,165, a saving to the city of \$6,510 per annum or of \$52,080 for the entire eight years of the franchise, making a total saving to the city between the existing contract and

the proposed contract of \$96,630.

There is nothing contained in the proposed contract changing the rights of the city or those of the water company under the original franchise. The city still retains the right to purchase the water company's plant at the expiration of each five year period in accordance with the terms of the original franchise.

This committee has also compared the rates contained in the proposed contract with those in effect in 127 other cities for the same class of service and finds the proposed rates lower than those paid by any of these cities. The approximate average cost per hydrant in the number of cities mentioned above is \$48.

The rates referred to were submitted by the local water company and this committee assumes that the figures are correct. The list of the cities with the rate paid in each is on file with this committee and anyone desiring to verify the figures contained therein may have the opportunity of doing so at any time.

It should also be borne in mind that until a new contract is entered into between the city and the water company, that the rates charged under the existing contract will maintain. The only alternatives offered to escape from the old rates are either to make a new contract or to discontinue the service, the latter, of course, being quite impossible.

Therefore this committee has no hesitation in recommending to the general council and to the voters of the city of Paducah that the proposed contract be ratified.

IT WAS NOT A NUT

But the Chinaman Who Cracked It Did Not Know It.

Cleveland, O., Oct. 19.—Yee Hing, proprietor of a clothes washery here, now knows the difference between a railroad torpedo and a nut. A railroad man sent his overalls to Hing's laundry, forgetting to remove a railroad torpedo from one of the pockets. Hing discovered the torpedo. "Nicey nut," he murmured to himself as he reached for a flatiron. His innocent curiosity prompted him to crack open the torpedo. He laid it on the floor and gave it a bang with the flatiron. They may save Hing, but the laundry floor is a wreck.

Safe Blown in Louisville.

Louisville, Ky., Oct. 19.—The safe in the office of the Western and Southern Life Insurance company, on Fourth avenue, was cracked by thieves last night and \$800 in money taken. The detectives are under the impression that the robbery was committed by some one conversant with the building and the offices and are working on a clew, which was discovered this morning. They expect to make arrests. Two men employed in the building were taken in custody but no charge was registered against them. In opening the safe the burglars knocked off the combination and pitched the tumblers with wires.

Freight Train Breaks.

Fulton, Ky., Oct. 19.—By the breaking in two of an Illinois Central freight train near Martin, Penn., the rear section of the train crashed into the front end, derailing ten cars, most of which were reduced to splinters. LeRoy Landrum, a negro, of Fulton, who was stealing a ride, was killed. Traffic was delayed several hours.

HANDSOME SOUVENIRS GIVEN

"The bells, the bells."
Everywhere all over the city last night, men and boys by the hundreds were turning themselves into bell men, proclaiming the fact that Wallerstein Bros. had an opening, and today the little ones in the home will be parading an advertisement for this progressive firm.

It was a happy idea, the bell, the sheep bell; for attracted by the sound, men followed the tinkling bells like sheep, and the sound always led them straight to Third street and Broadway.

When they got that far they went in, for one of the most effective electric displays ever seen on Broadway threw its alluring vari-colored rays across the street from the front of the store and enticed all pedestrians to enter, where the bells came from.

The window dressing and the lighting were beautiful and not the least attractive features of the opening of Wallersteins.

Inside green and white was the color scheme carried out with potted plants and flowers and decorations, and here again the lighting effects helped.

The proprietors, heads of departments and clerks acted as a reception committee and passed the visitors in a constant stream on through the store down stairs and upstairs. Besides the bells, nobby pocketbooks colored and shaped like an autumn maple leaf were distributed.

In spite of the threatening weather several thousand men visited the store during the evening.

Street Car Franchise for Sale.

On Friday, the 26th of October, 1906, about the hour of 10 o'clock a. m., at the door of the City Hall, 1 will offer for sale a street car franchise, for a term of 20 years, according to ordinance recently passed by the city council.

The ordinance is on file in the Auditor's office and can be seen by those desiring to purchase. This sale is made subject to the approval of the General Council.

The city reserves the right to reject any and all bids. Respectfully,
D. A. YELDER,
Mayor of the city of Paducah, Ky.

The Football Team.

Members of the football team are meeting with success in the sale of tickets for tomorrow's football game with Metropolis. The game has been well advertised and a large crowd is expected out to witness the first sport of this kind this season. The Paducah team has been working hard and the code of signals is new and perfectly understood. The team this year is composed of more heavy weights and some faster sprinters.
